POSTAGE

Australia

All of the books include free postage and handling to anywhere in Australia, except for the title, '*Australian Succulent Plants*' which requires AUD\$10.00 postage above the price of the book.

International

All books shipped to countries other than Australia require postage & handling to be paid.

Postage rates for all the titles are (except the five smaller 'succulents for the garden series'* of books):

- New Zealand: AUD\$20.00
- Asia: AUD\$25.00
- USA: AUD\$30.00
- Europe, Africa: AUD\$30.00 (this is discounted as postage to these places is expensive).

The above rates are for fast airmail. Larger orders of books receive reduced postal rates. (If desired ask for cheaper sea mail rates, which takes 2-3 months).

* These five books are part of a series and individually are not economical to ship internationally - so only sets of these can be ordered. (The postage rates above only apply to an order for a set of these five books).

DETAILS

- All orders need to have payment before goods are sent.
- Please also supply a delivery address for the goods, especially if delivery address is different to your current address.
- And finally a contact phone, fax or email for return correspondence, should we have any delays or other problems filling orders. Some customers have in the past experience, used public fax machines and left no other contact details.
